PARK AND RIDE

Kerrville Bus Company
friendly service since 1929
1. Take your bike HOME.

2. Secure Storage*
   Transportation Services is offering $30 secure storage (limited space available).
   Purchase your summer bike storage permit online through My Account. Then bring your bike, lock, and permit receipt to the Alternative Transportation office by appointment.

REMEMBER:
Bike racks are for bikes currently in use ONLY. Others will be removed.

For more information visit transport.tamu.edu or email parking@tamu.edu

*Don't forget your bike lock, it will be used when locking your bike for storage.

SUMMER BIKE OPTIONS

Online Auction
BIKE REGISTRATION

My Bike Information

*Bike Make/Brand:
- Please Select a Make

*Bike Color:
- Please Select a Color

*Bike Serial Number: Where is my bike's serial number?
- Bike Serial Number

*Bike Style:
- Please Select a Style

- Driver License is Engraved on Frame

Notes/Attachments: Two 1 MB attachments may be submitted now or at a later date. (PDF, JPEG, JPG, GIF, PNG) We recommend including photos or scans of images of your bike, the serial number plate, or your purchase receipt. Each of these assist identifying your bike for theft recovery and/or proof of ownership.

⚠️ You may add your attachments at My Bikes any time after you register your bike.

GREEN BIKE LANES AT ROSS & BIZZELL

MAKING CAMPUS SAFER FOR EVERYONE

WHY ARE THE NEW BIKE LANES GREEN?
The green bike lanes denote protected bike lanes in intersections, driveways and other potential “conflict zones.”

WHAT MAKES THEM DIFFERENT?
They create a designated space on the street for a person riding a bicycle that is physically separated from traffic and pedestrian activity.

WHAT MAKES THEM SAFER?
They create a clear and sensible environment for users on foot, on bicycles or in cars and provides more time and space for everyone to see and react to one another.

PEDESTRIANS
1. do not block or stand in protected bike lanes
2. wait in protected areas until able to cross street
3. cross street using white dashed lanes
4. watch for people on bicycles before crossing bike lanes even if you have right of way

CYCLISTS
1. use protected green bike lanes to navigate intersection
2. yield to people walking at crosswalks
3. watch for crossing vehicle traffic at intersection
4. after yielding to people in crosswalks, advance to the end of the center island and cross with caution

MOTORISTS
1. when turning, yield to people walking and cycling
2. be aware of raised concrete islands in the intersection
3. follow the white dotted lines when making left turns

Whether you’re walking, bicycling, or driving, always follow traffic laws
