

Texas A&M University Visitor Parking

Please note there is an hourly and daily fee for parking in these areas (visit <http://transport.tamu.edu> for rates.) If parking is not available in these locations or if special arrangements need to be made, please call Transportation Services at (979) 862-2551 to speak with a Visitor / Conference Coordinator. For any other questions please call (979) 862-PARK. Because University affiliates who park on campus are required to purchase a permit, we ask visitors to refrain from parking in areas designated for faculty, staff and students, unless prior arrangements are made through Transportation Services.
