Bryan-College Station Large Projects
2020 to 2024

Tim Lomax
Texas A&M Transportation Institute
February 2020
Overview

• Several significant projects
• Attempt will be to reduce daytime and rush hour effects
• Early and continuous communication
• Travelers need to consider possible effects and stay current on roadwork schedules
2020

• North Texas Ave medians
• Wellborn Road asphalt overlay (night work)
2021

• North Texas Ave Medians in phases from downtown Bryan to University Drive

• George Bush medians (maintain two lanes each direction – using bike lane)

• Wellborn/Holleman – raise level of Wellborn Rd to RR tracks

• FM 2818 widening – outside existing roadway
2022

- Texas Ave Medians in phases from downtown Bryan to University Drive
