

Bryan/College Station Roadway Project Updates

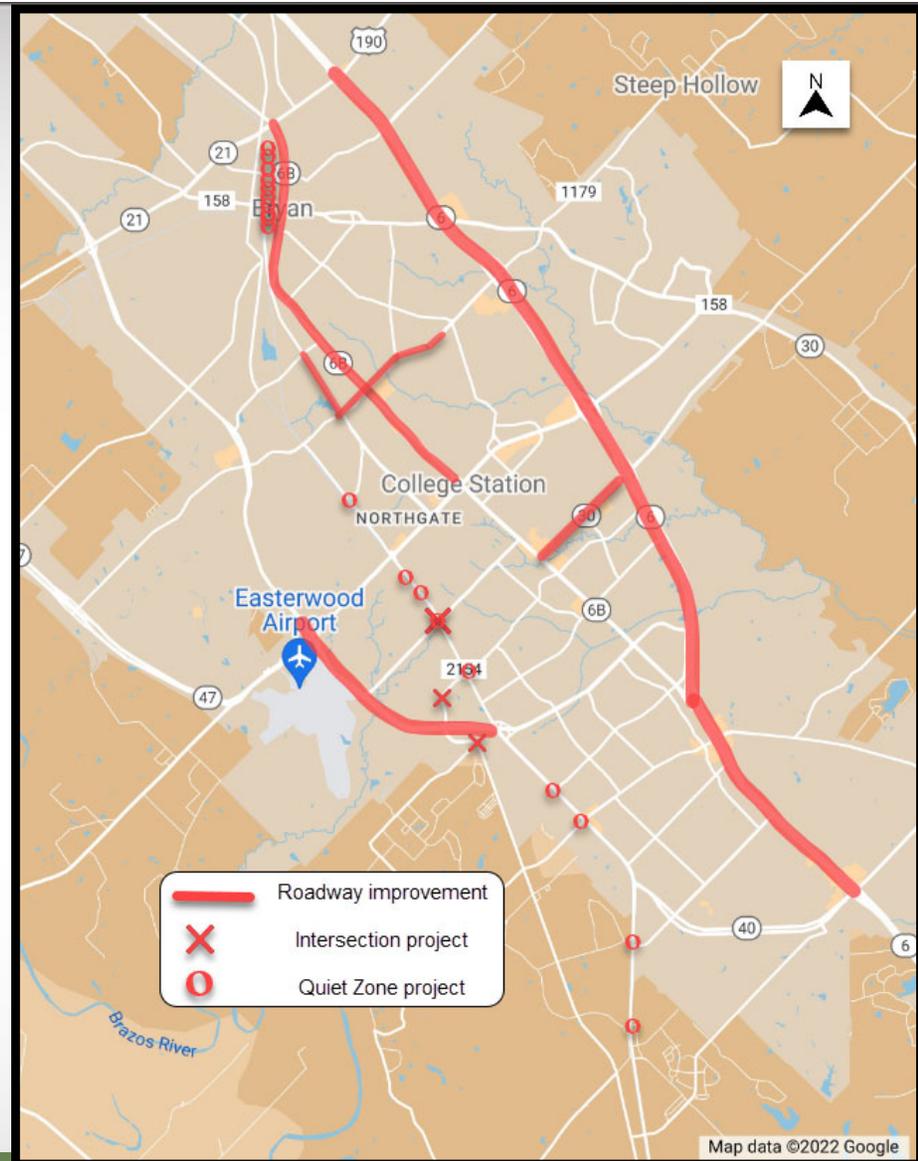

Transportation Services Advisory Commission

December 2022

Debbie Albert d-albert@tti.tamu.edu

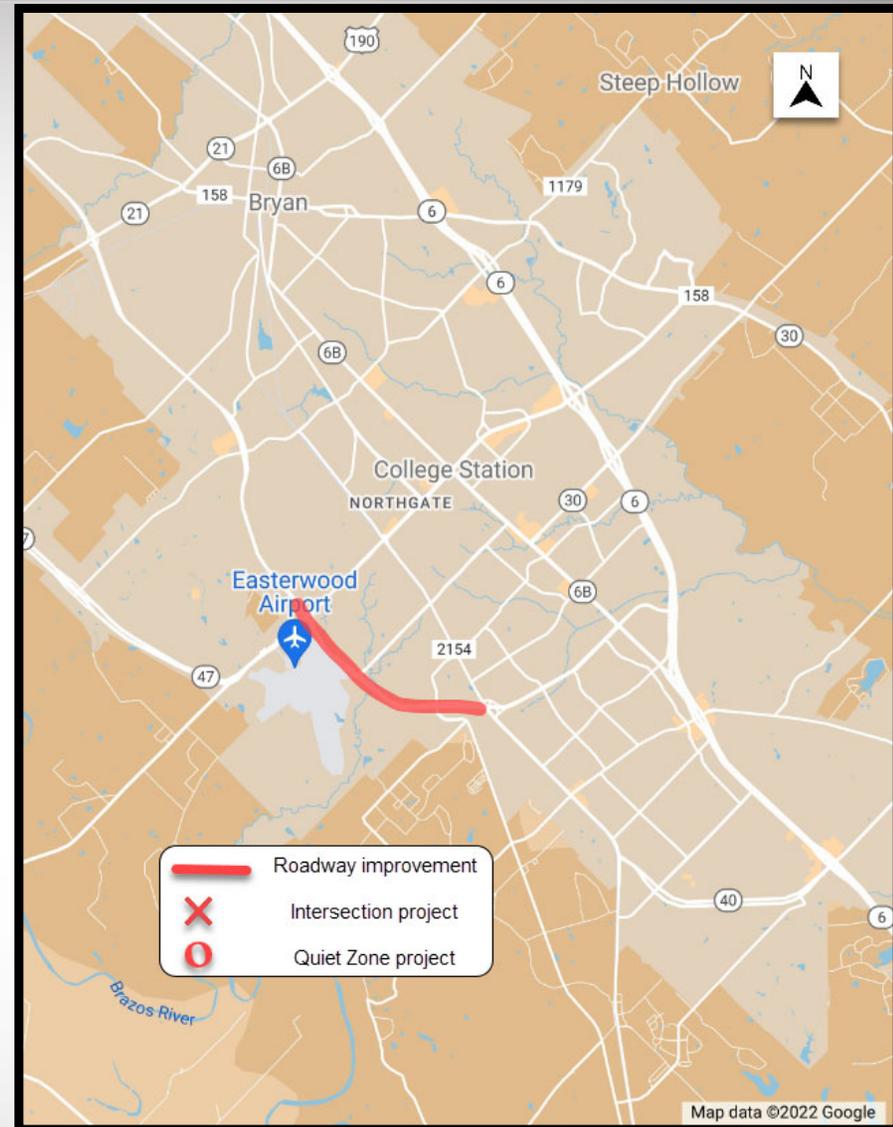

Project Locations

- There are more – these are just some bigger projects
- We're like a big city suburb – get in the habit of checking your traffic app before you start your trip

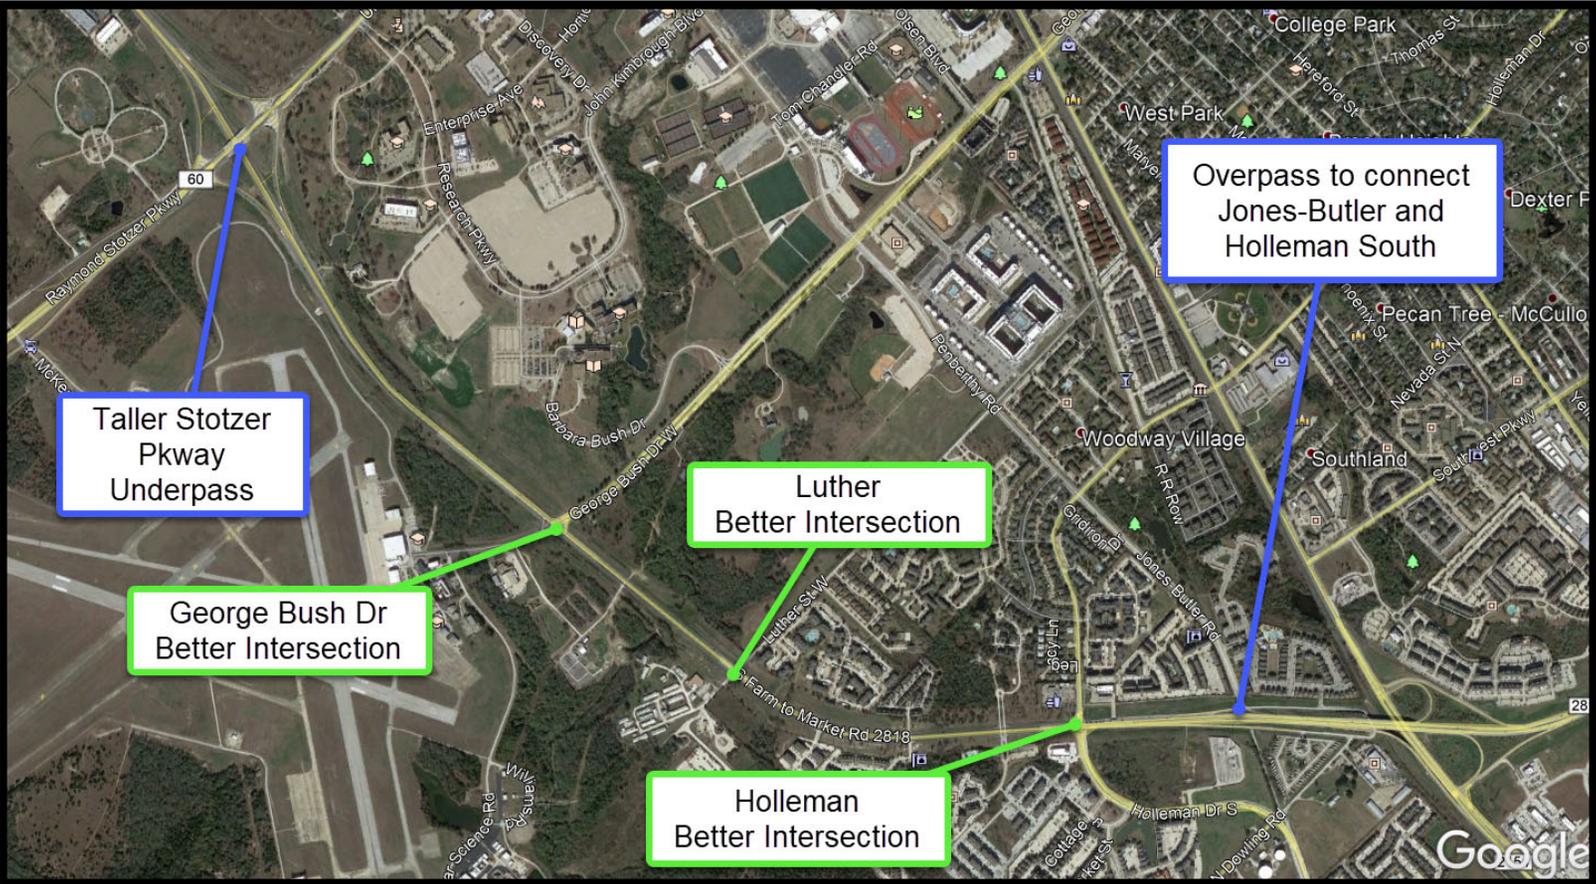

FM 2818 (aka 20-hate-18)

- In Phase 3 of 4
- Expect to move to Phase 4 (median work) in Summer 2023
- Expected completion: End of 2023

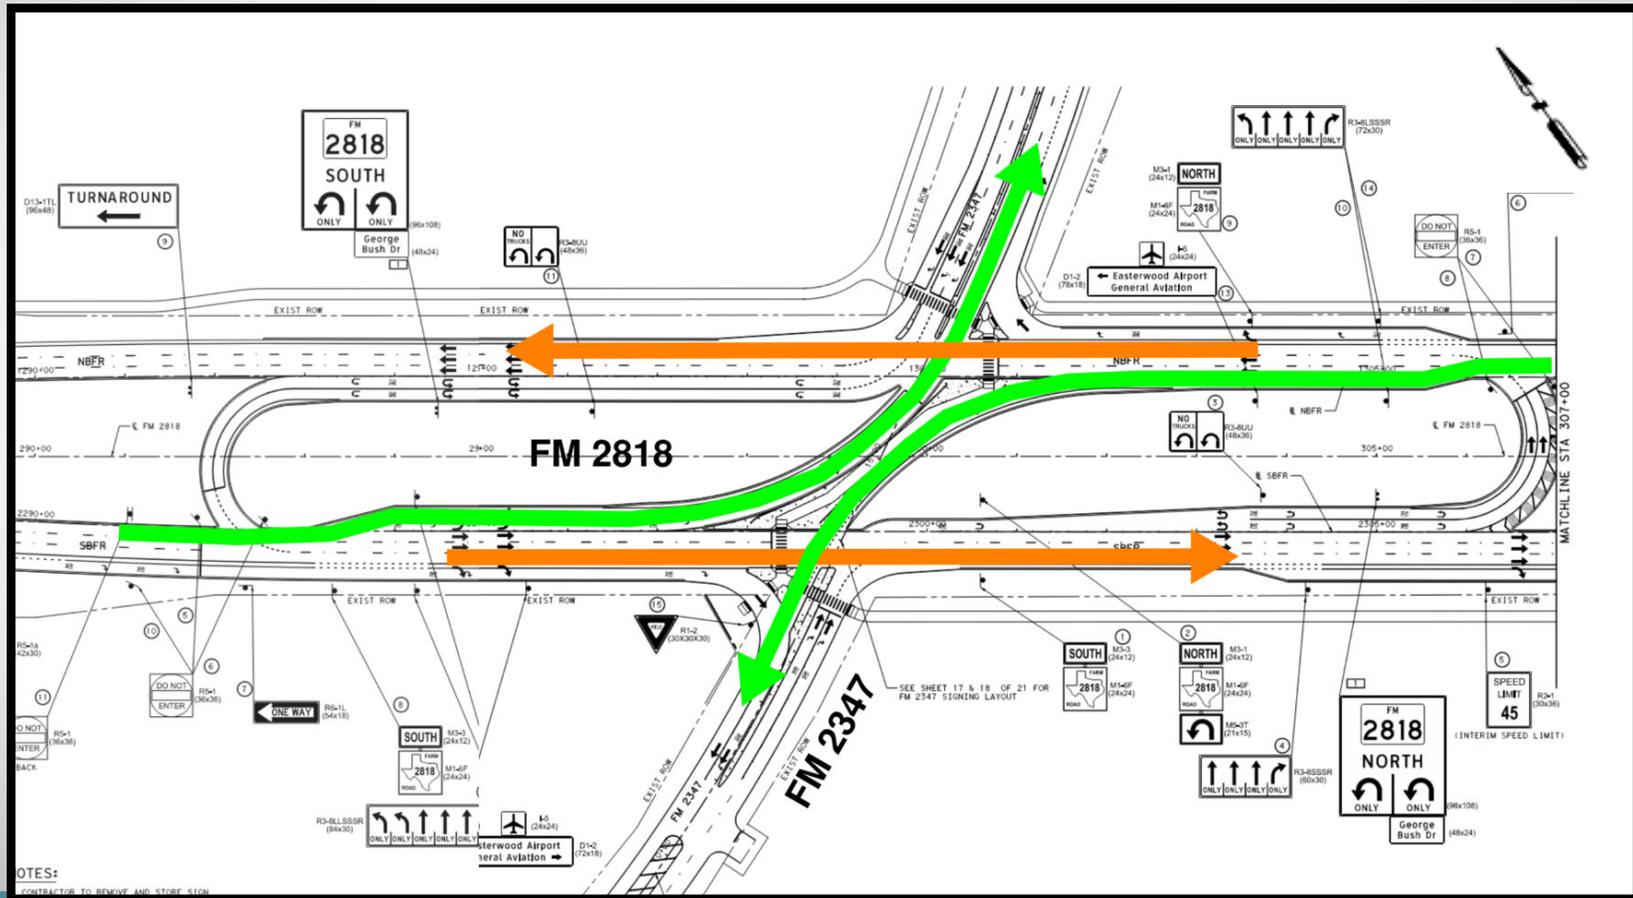

FM 2818 – Wellborn Rd to Stotzer Pkwy (2021 to 2023)

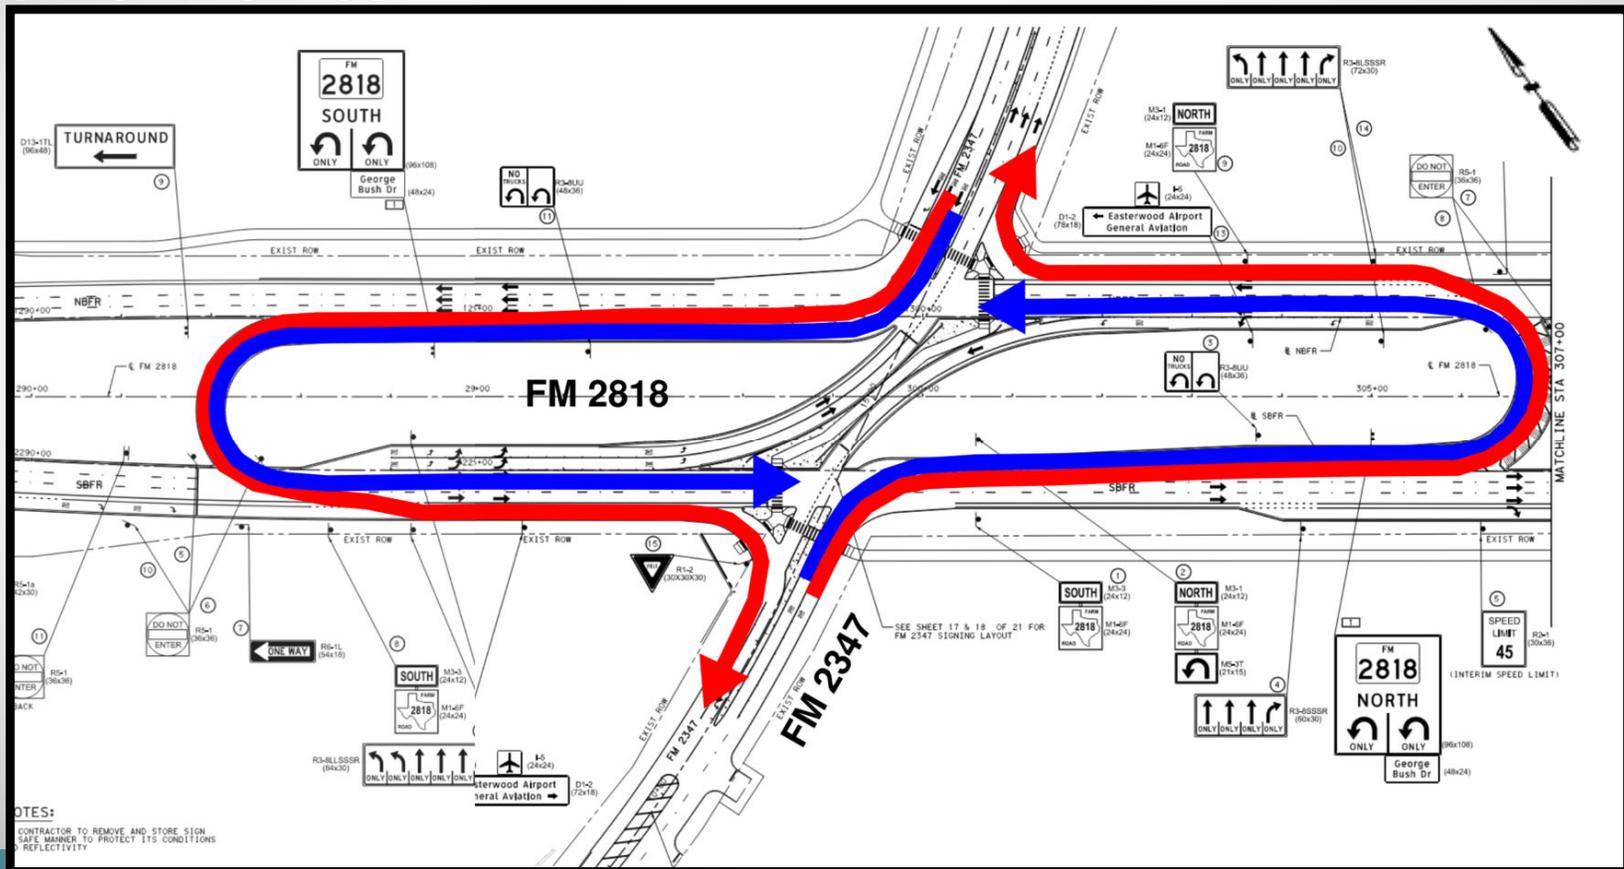

6-Lanes Divided Replacing the 5-Lane "Chicken Lane" Roadway

Let's Take a Closer Look at the Super Street Intersection – 2818 Movements

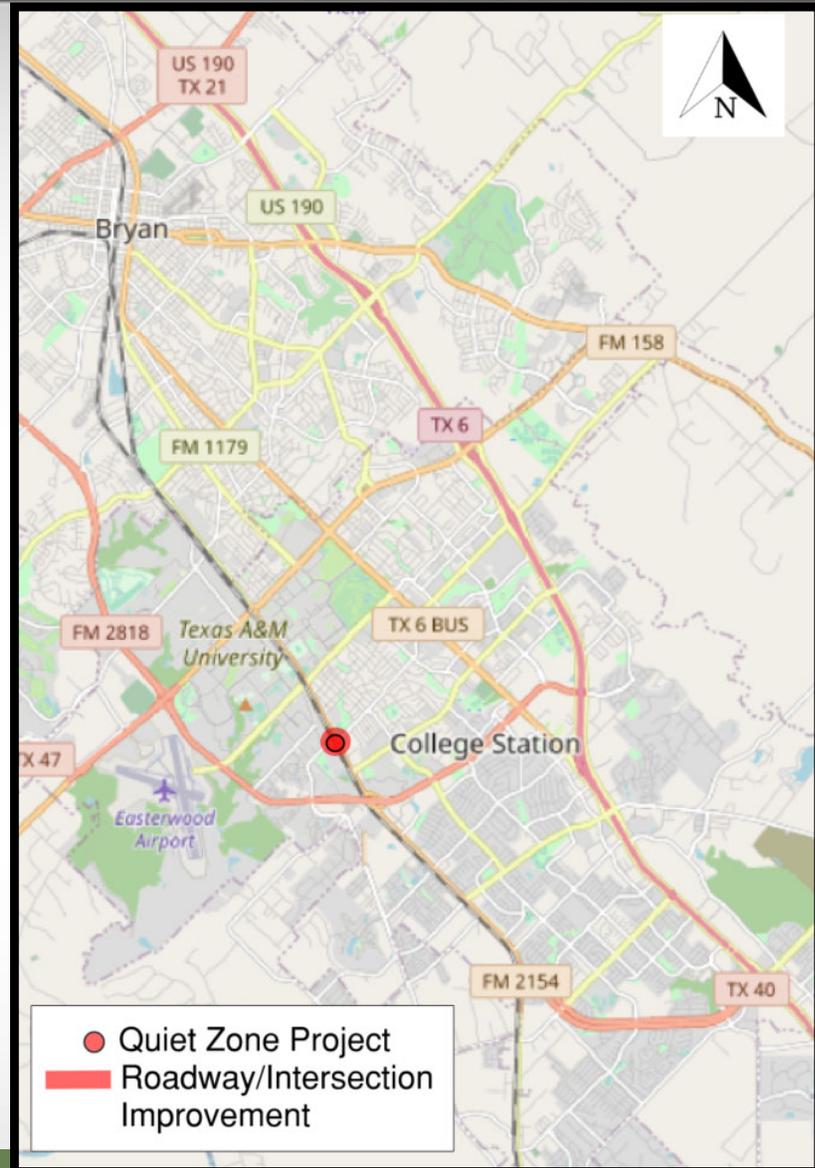

Let's Take a Closer Look at the Super Street Intersection – Intersecting Street Movements

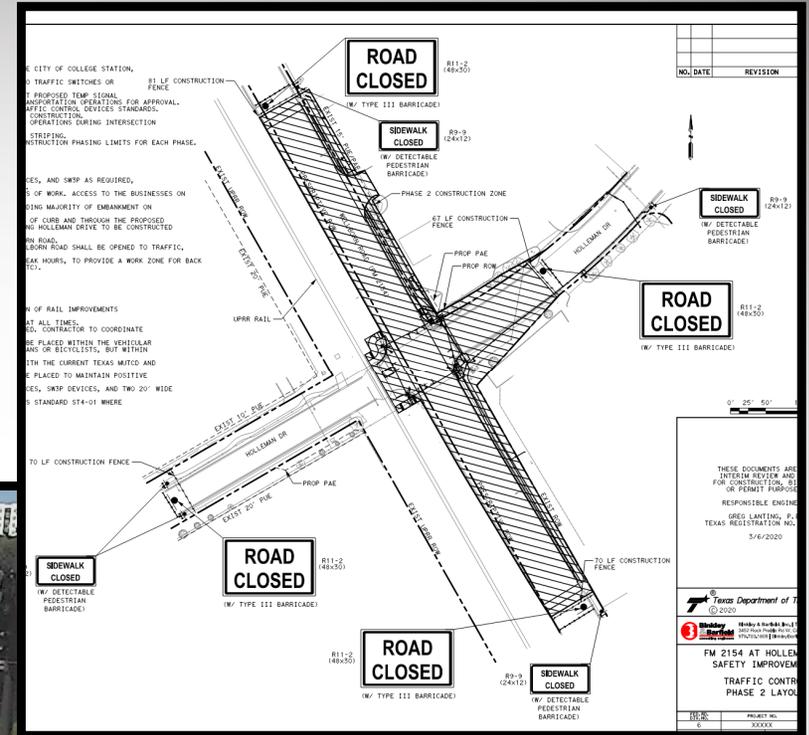

Wellborn/ Holleman

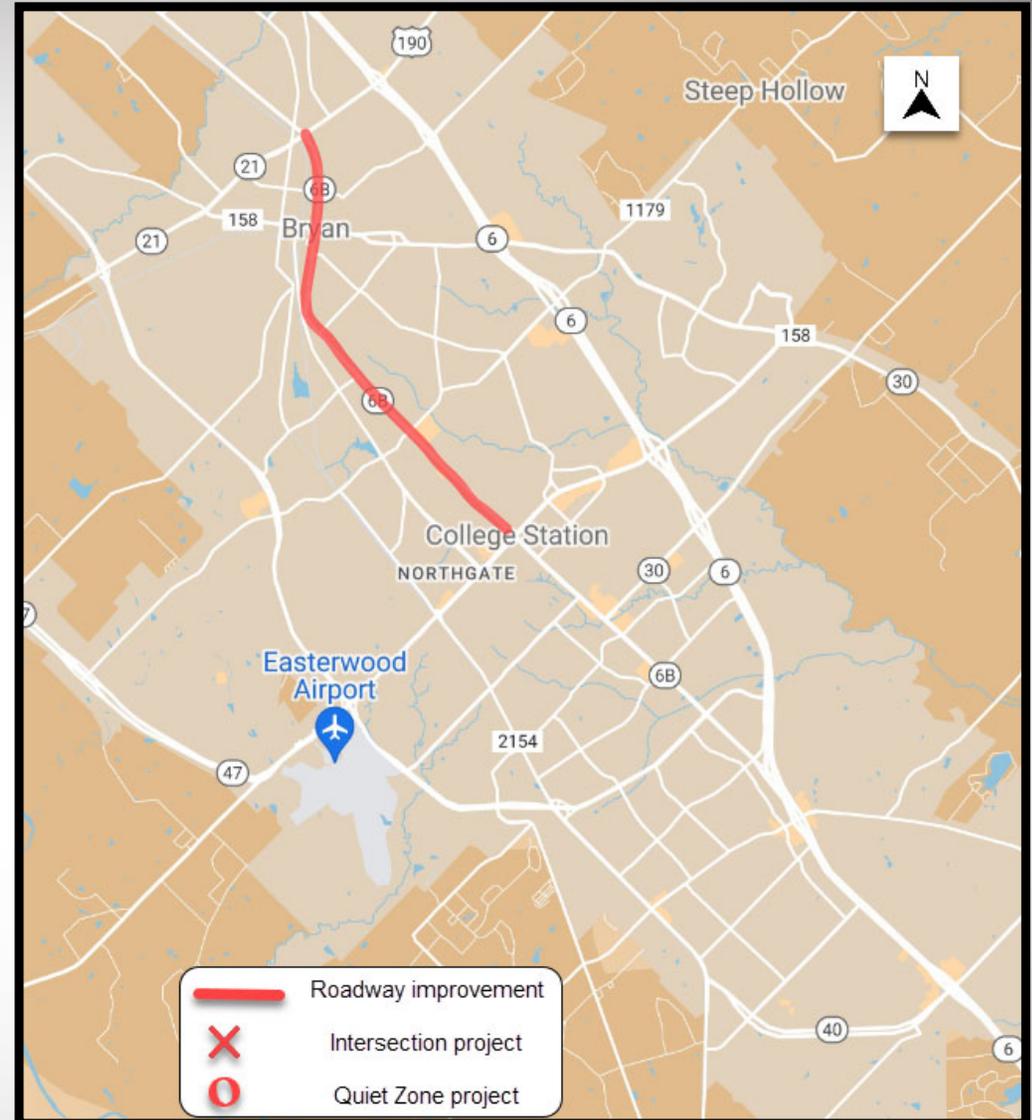

- Raise intersection to railroad track level
- Railroad and TxDOT work complete
- Anticipate opening Thursday, Dec. 15

Wellborn/Holleman (2021-2022)

Texas Ave Improvements

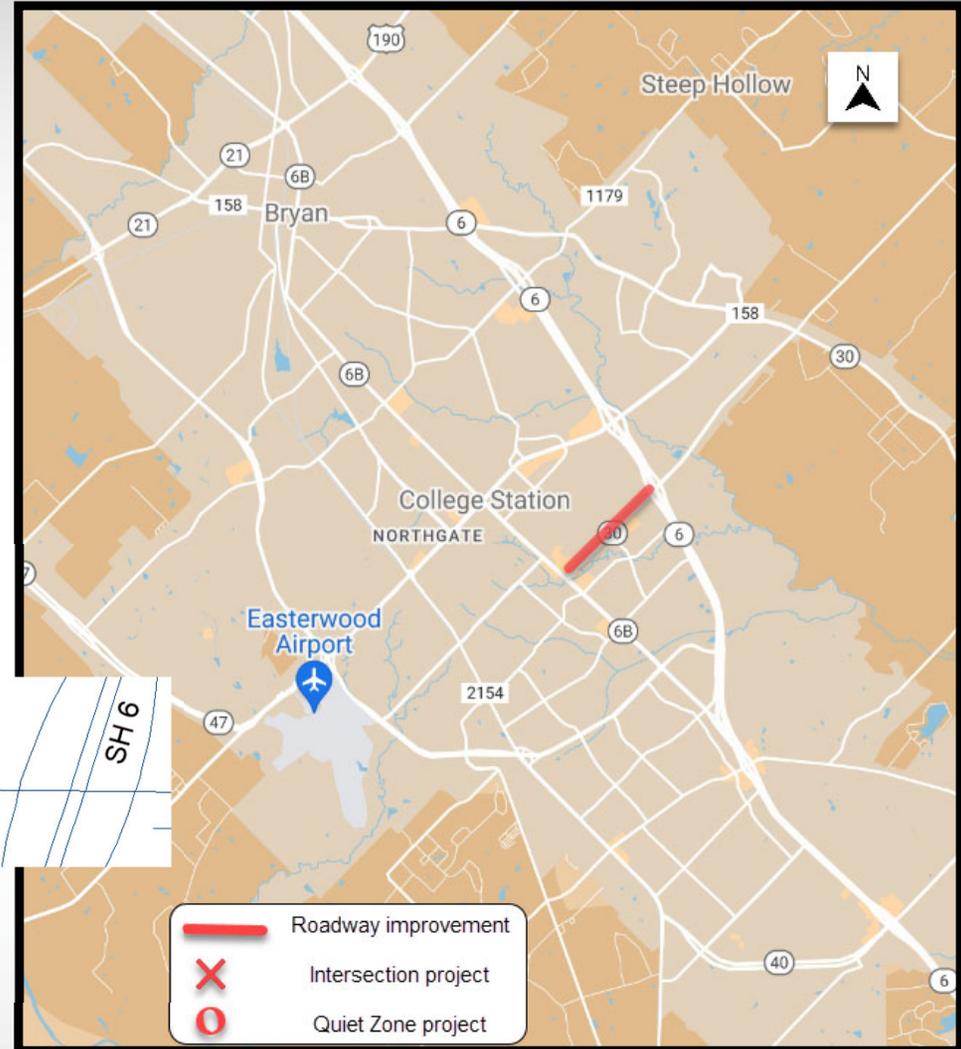

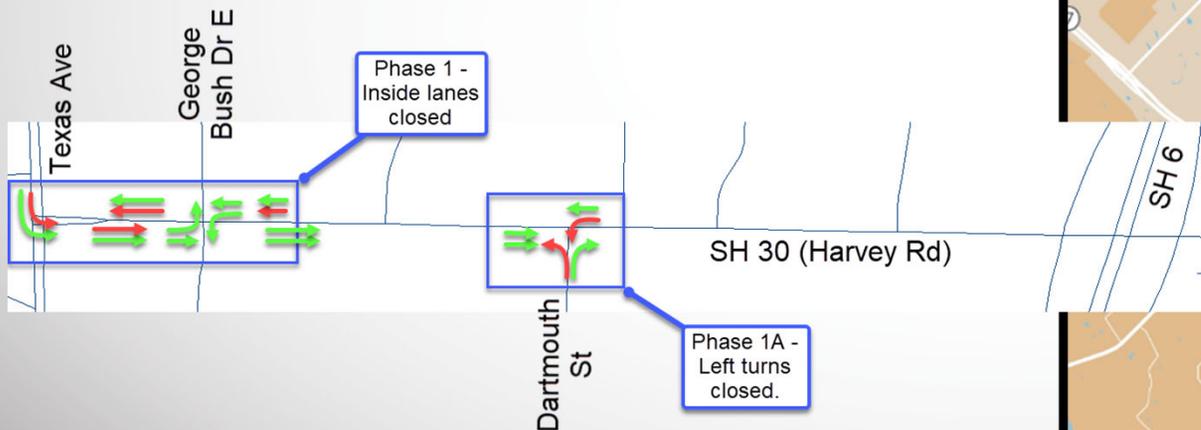

Texas Avenue Improvements Project (2022-2023)

- Safety and mobility enhancements
- Phase 1 - underway
 - Old Hearne Rd to 15th St
- Phase 2 – begin Jan 2023
 - 15th St to University Dr

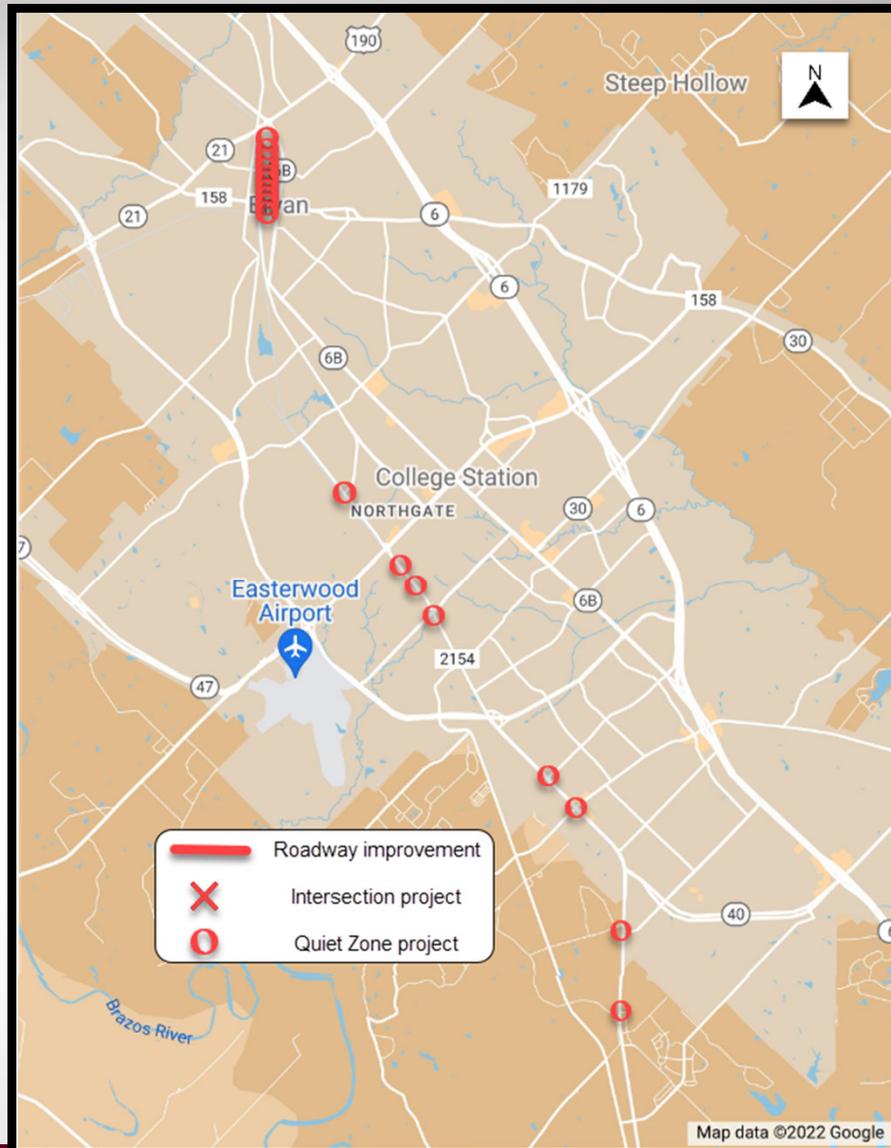

SH 30 (Harvey Road) Raised Medians

- Started in Fall '22 – Phase 1 of 3
- Expected completion in Summer 2023

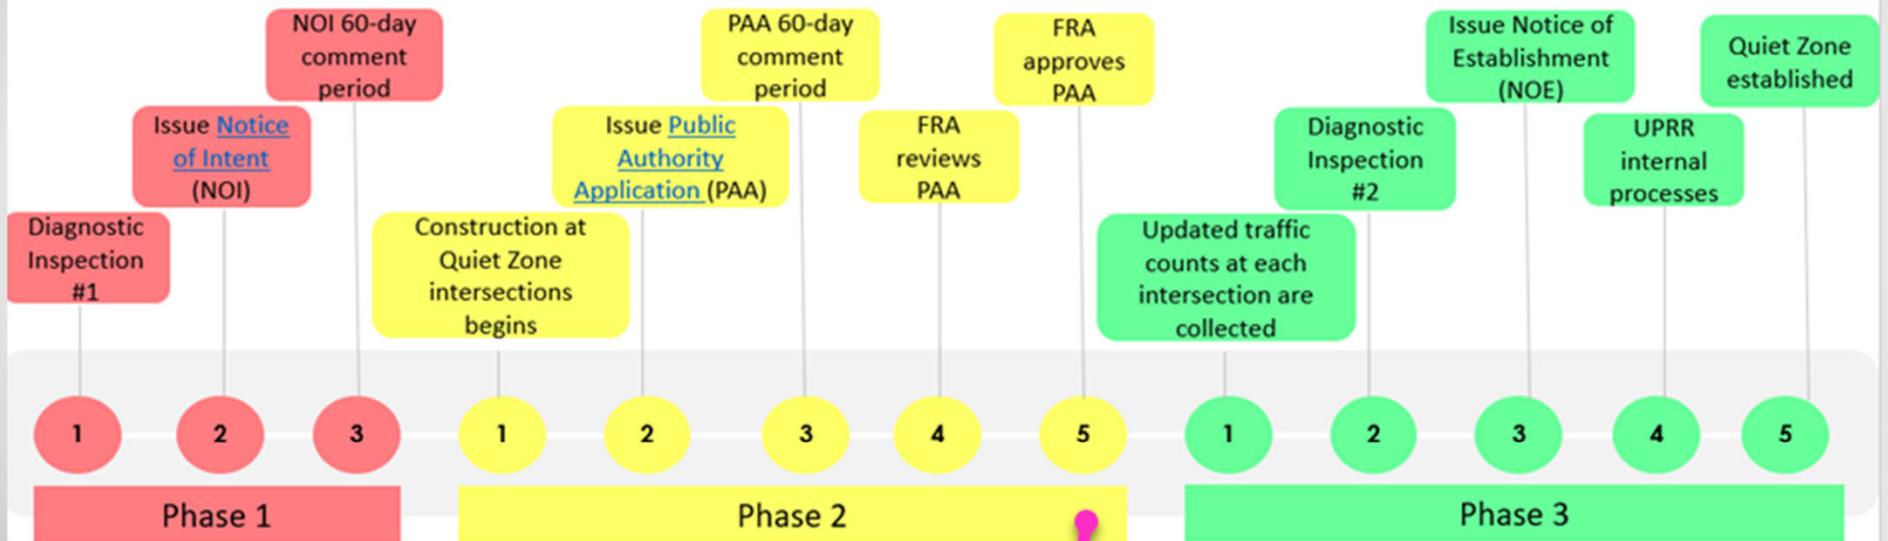

Quiet Zones

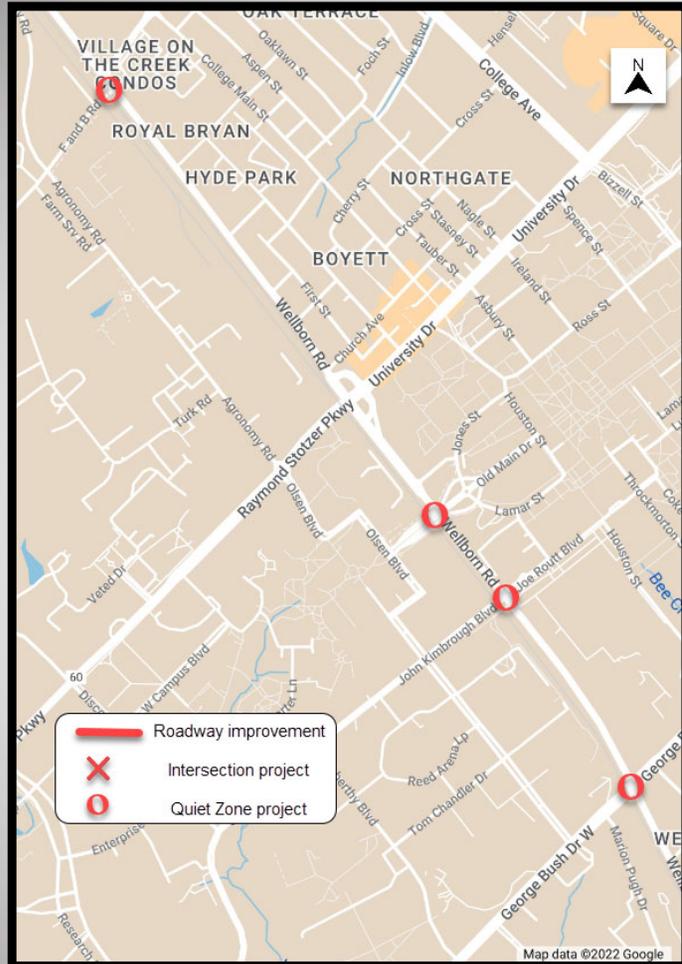

Quiet Zone

Texas A&M Quiet Zone Process

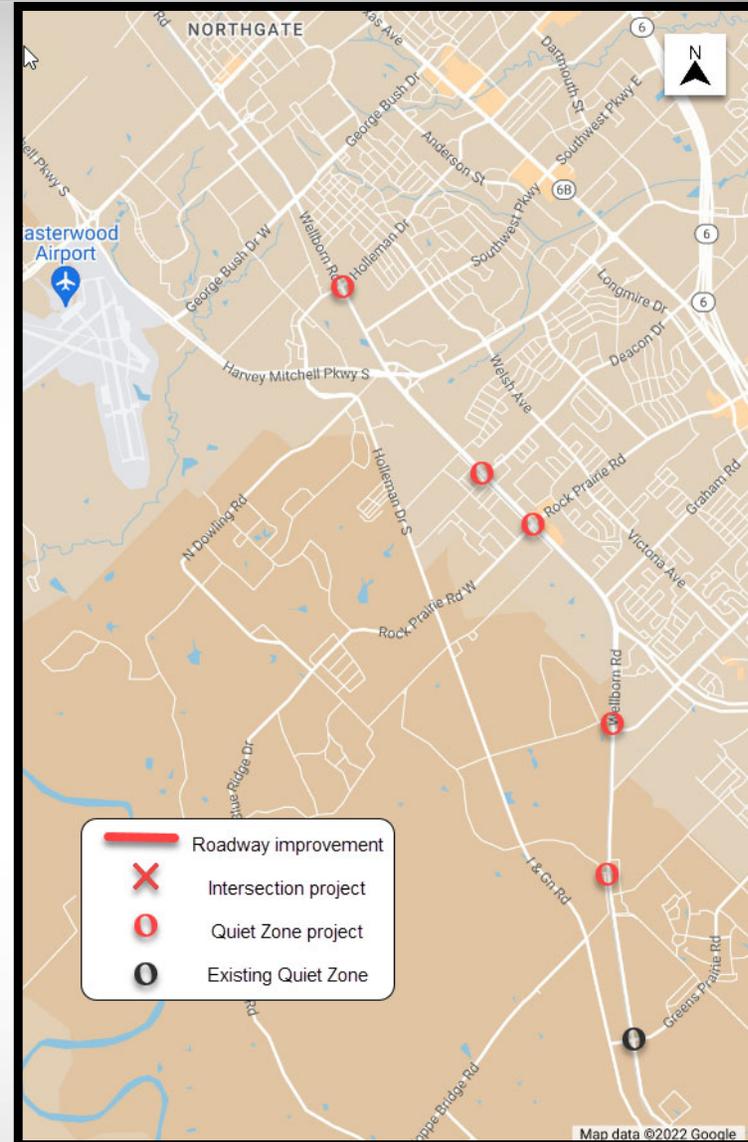

TAMU is here in the process.

Quiet Zones – TAMU (2021-2024)

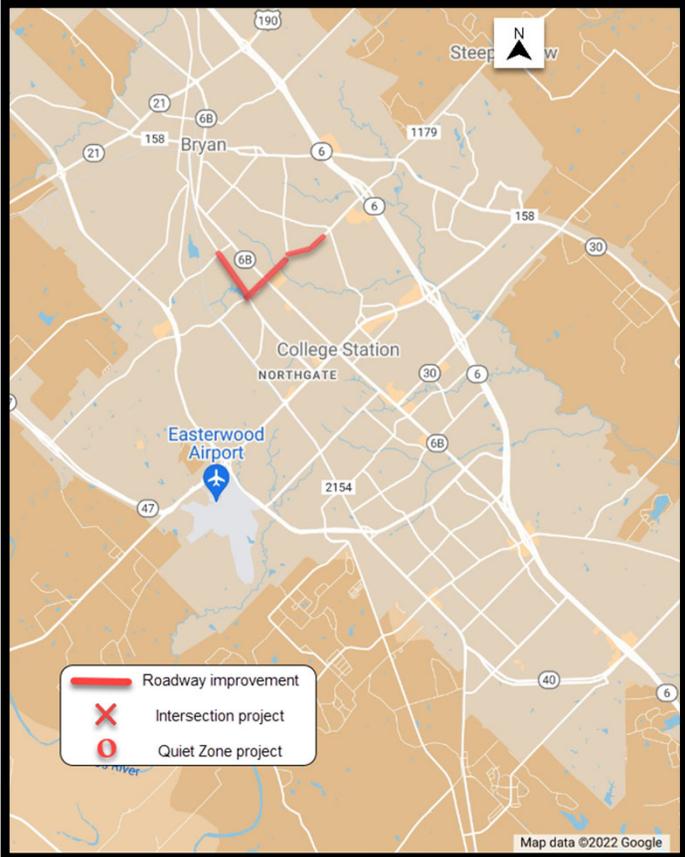

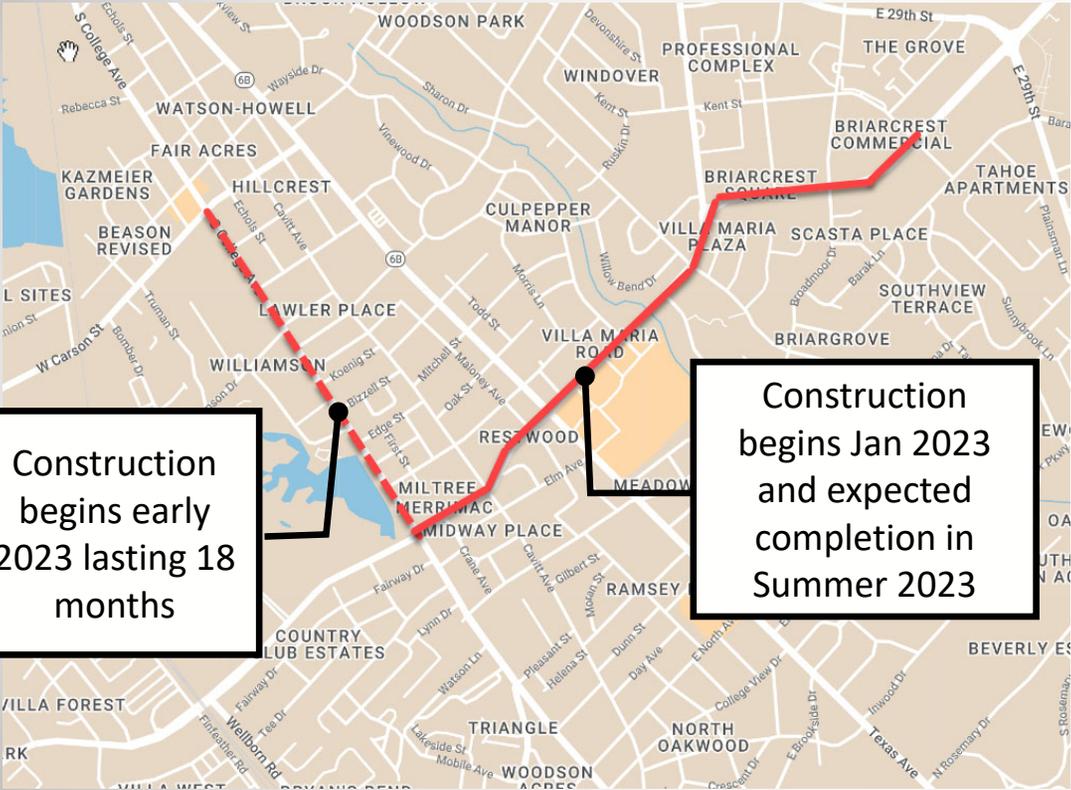

Quiet Zones – College Station (ongoing)

- Greens Prairie – existing
- Holleman, Deacon, Rock Prairie, and Capstone designed or under construction
- Royder/South Dowling – future project

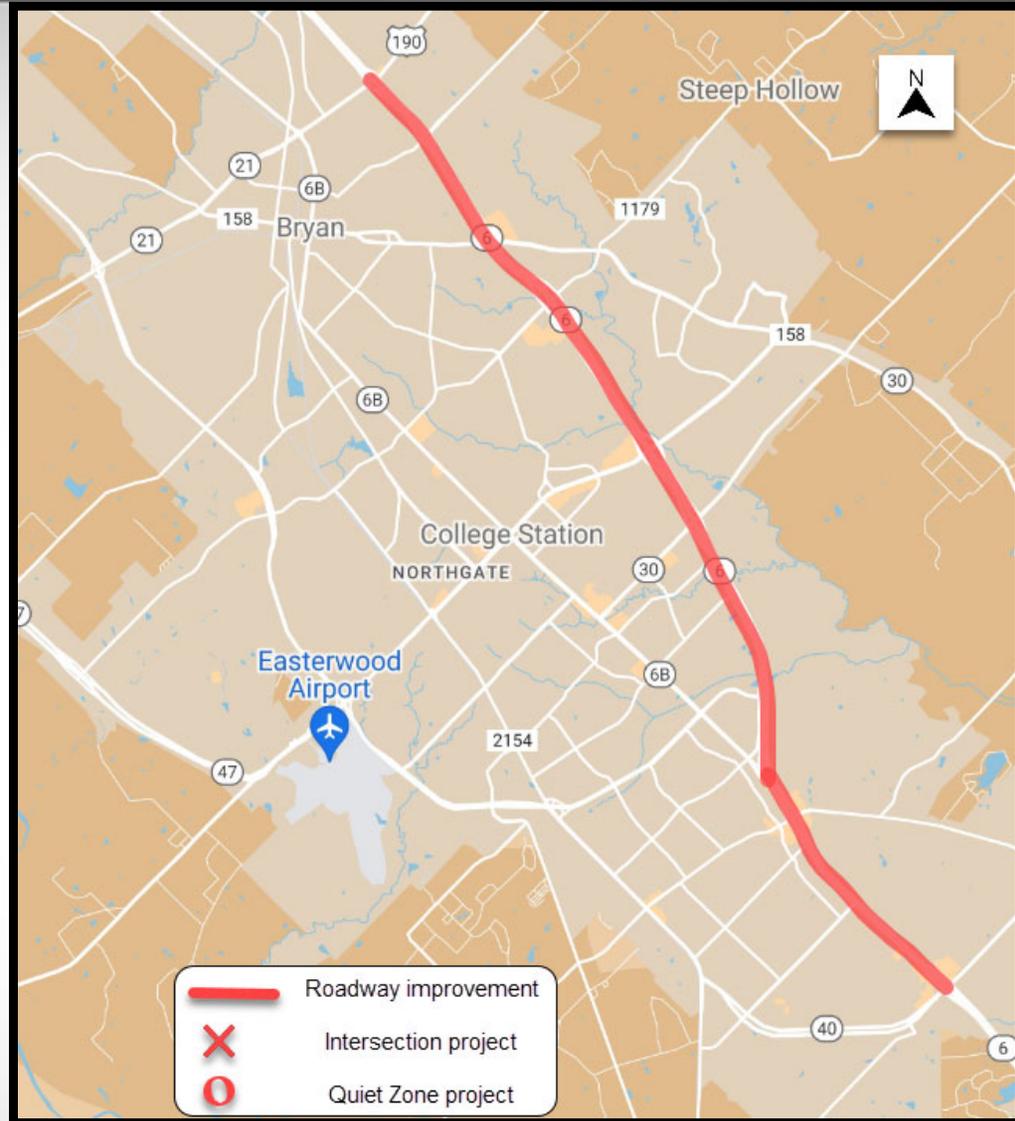

South College Ave. Reconstruction & FM 1179 (E Villa Maria Rd. and Briarcrest Drive)

SH 6 Central BCS Expansion

- 60% design complete
- Begin construction in Summer 2024
- Requesting additional funds to complete the project

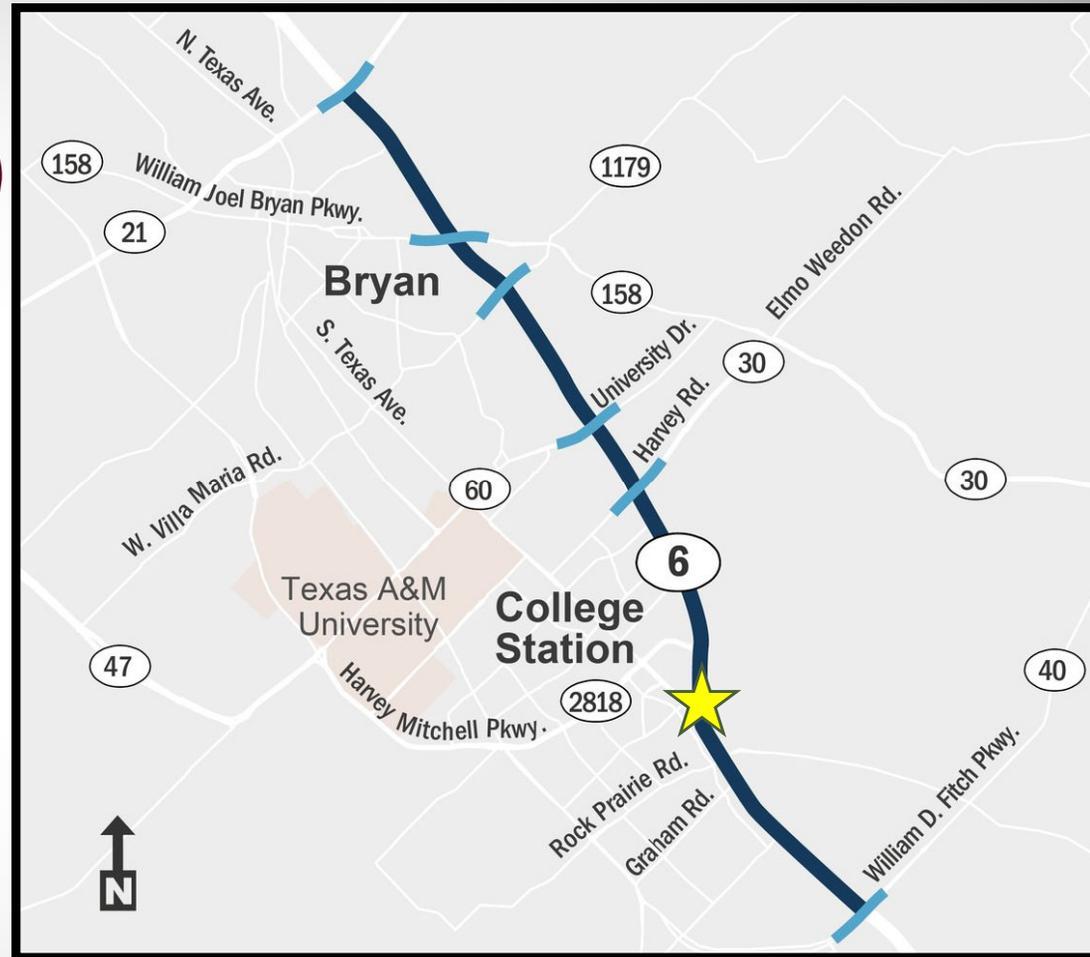

SH 6 Central BCS Expansion Project (Letting Summer 2024)

- **Phase 1**

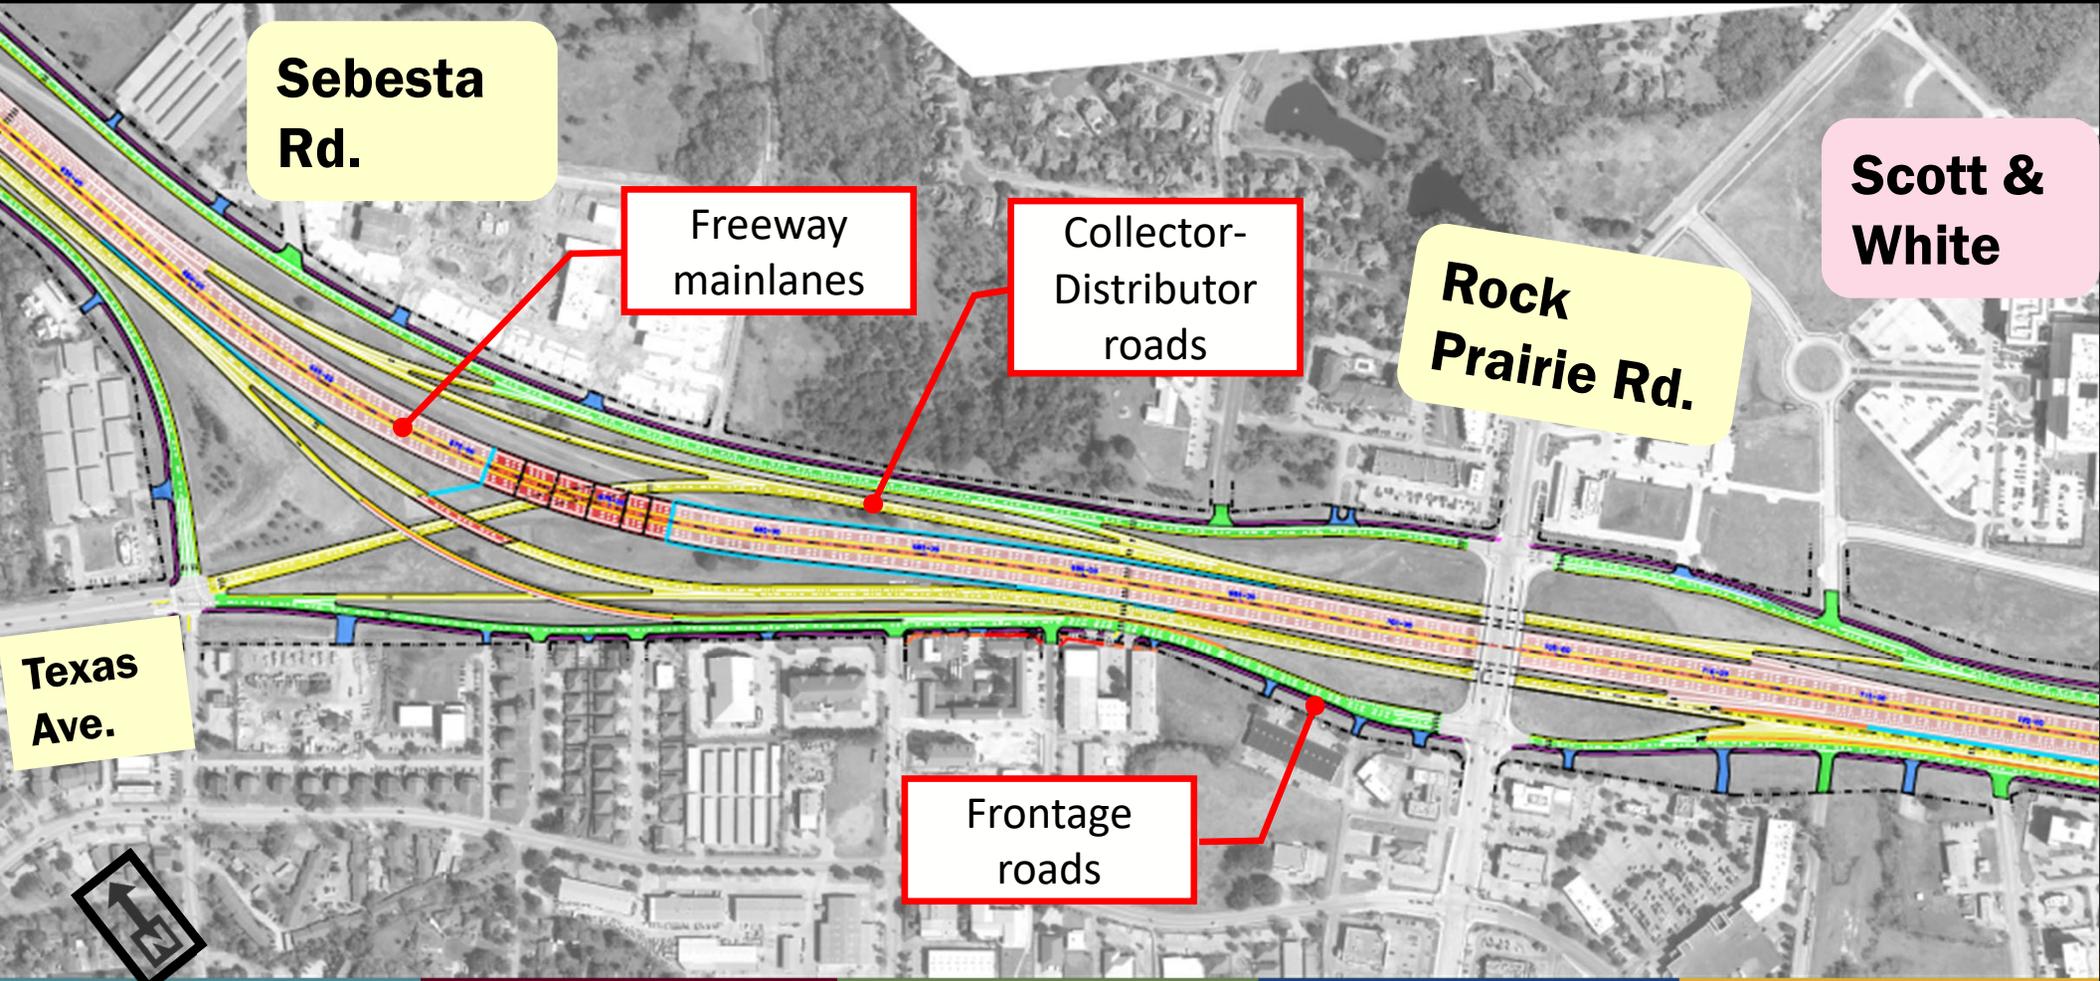

- Widen to 6 main lanes
- Frontage road improvements
- Auxiliary lanes – make continuous between ramps
- New collector-distributor lanes at selected locations
- Texas Avenue interchange

- **Phase 2**

- Improve major intersections
- Pedestrian and bicycle accommodations

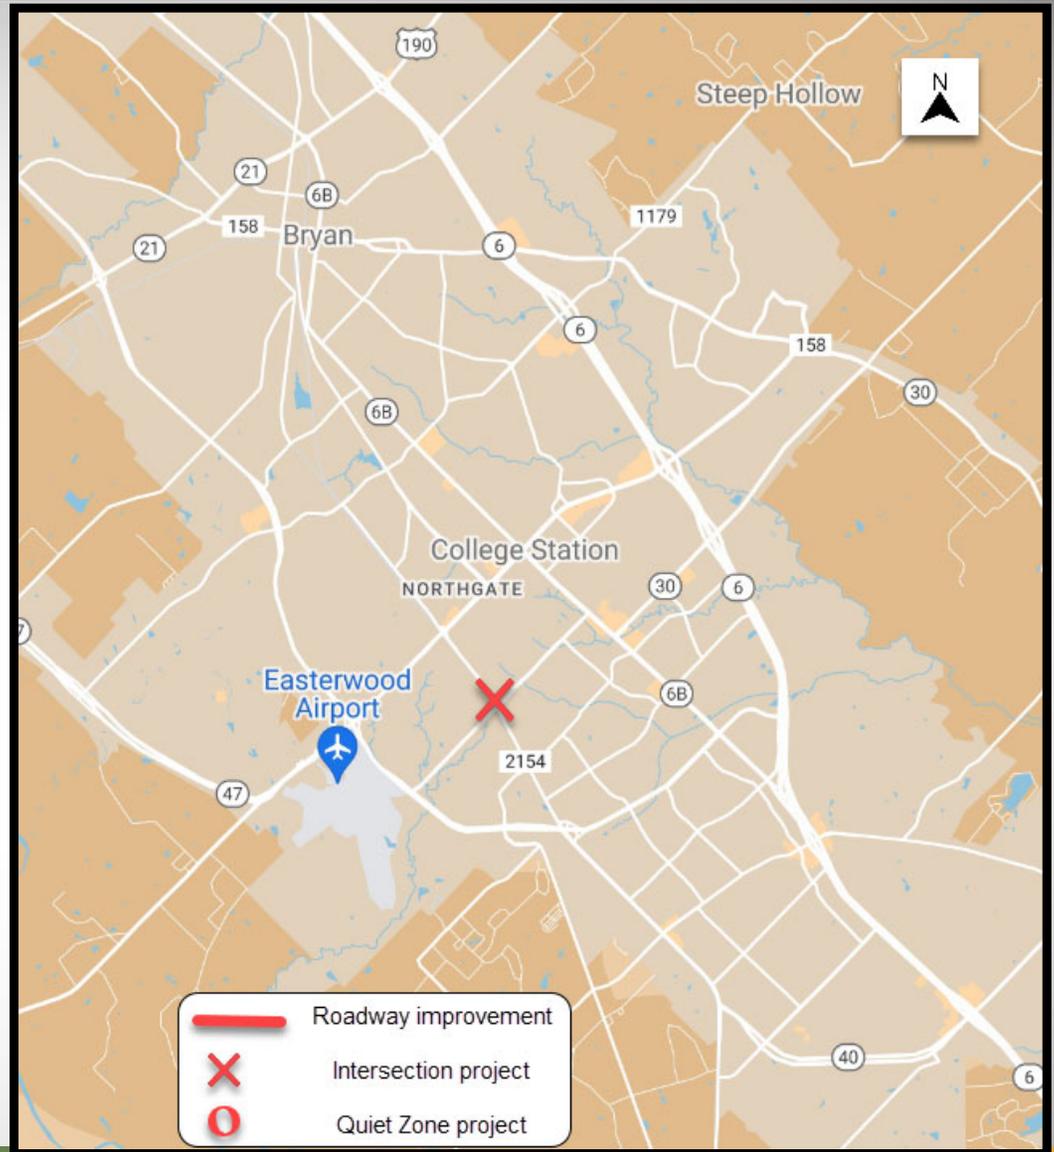

SH 6 Collector – Distributor Roadways

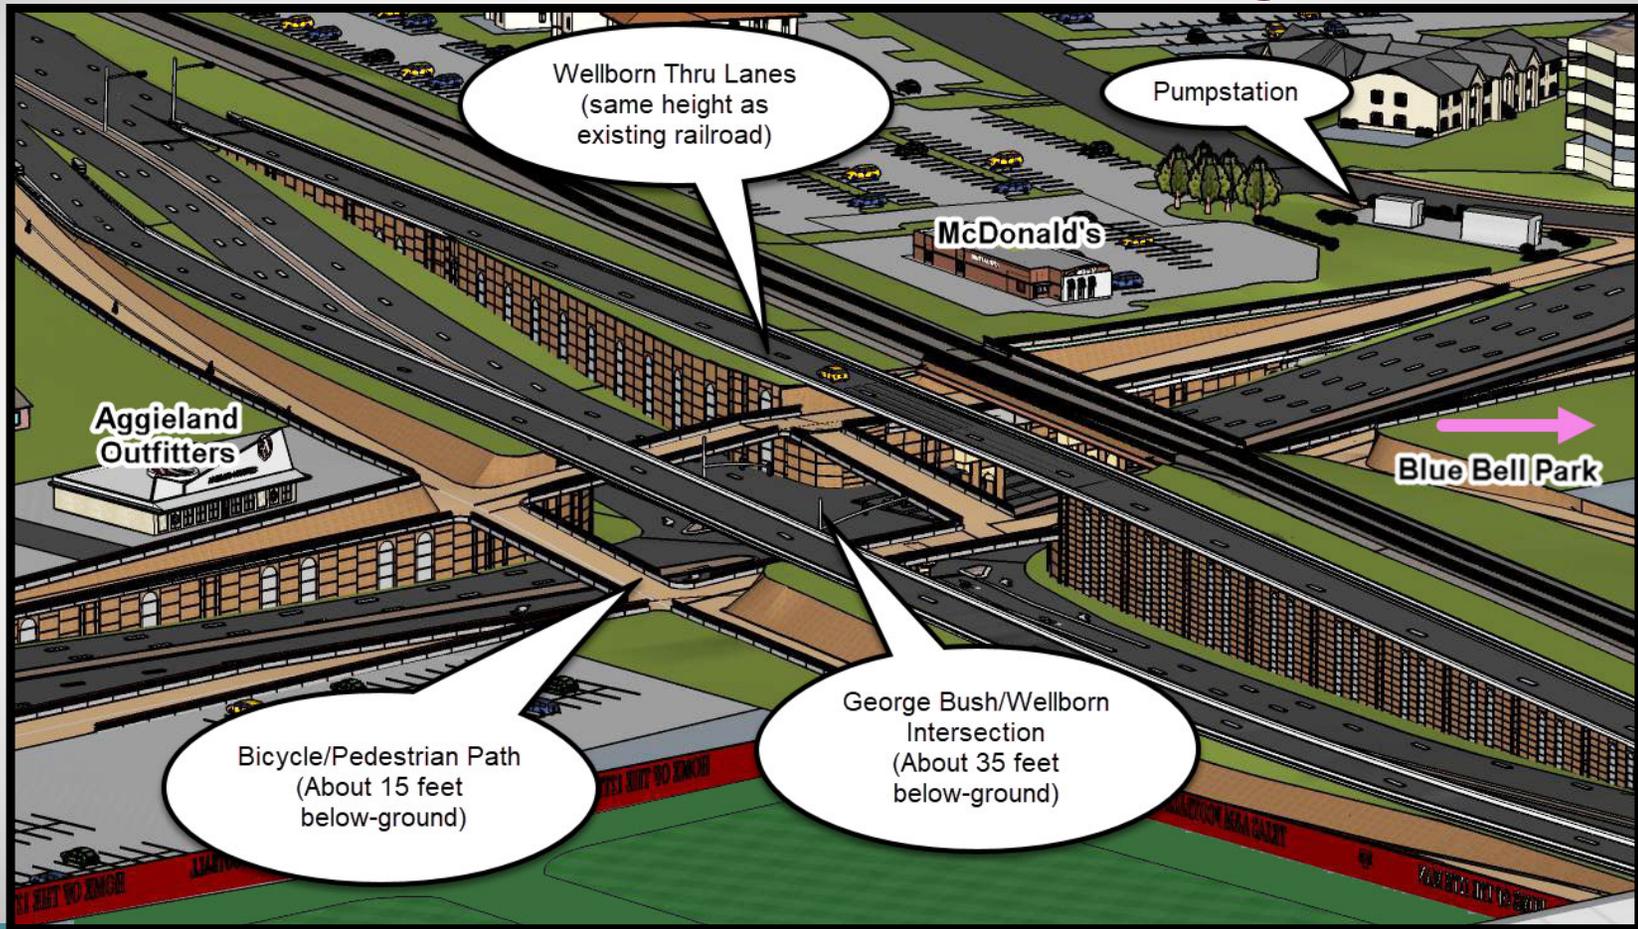

Bush/Wellborn

- 3 Level Interchange
- Funded in FY 2026

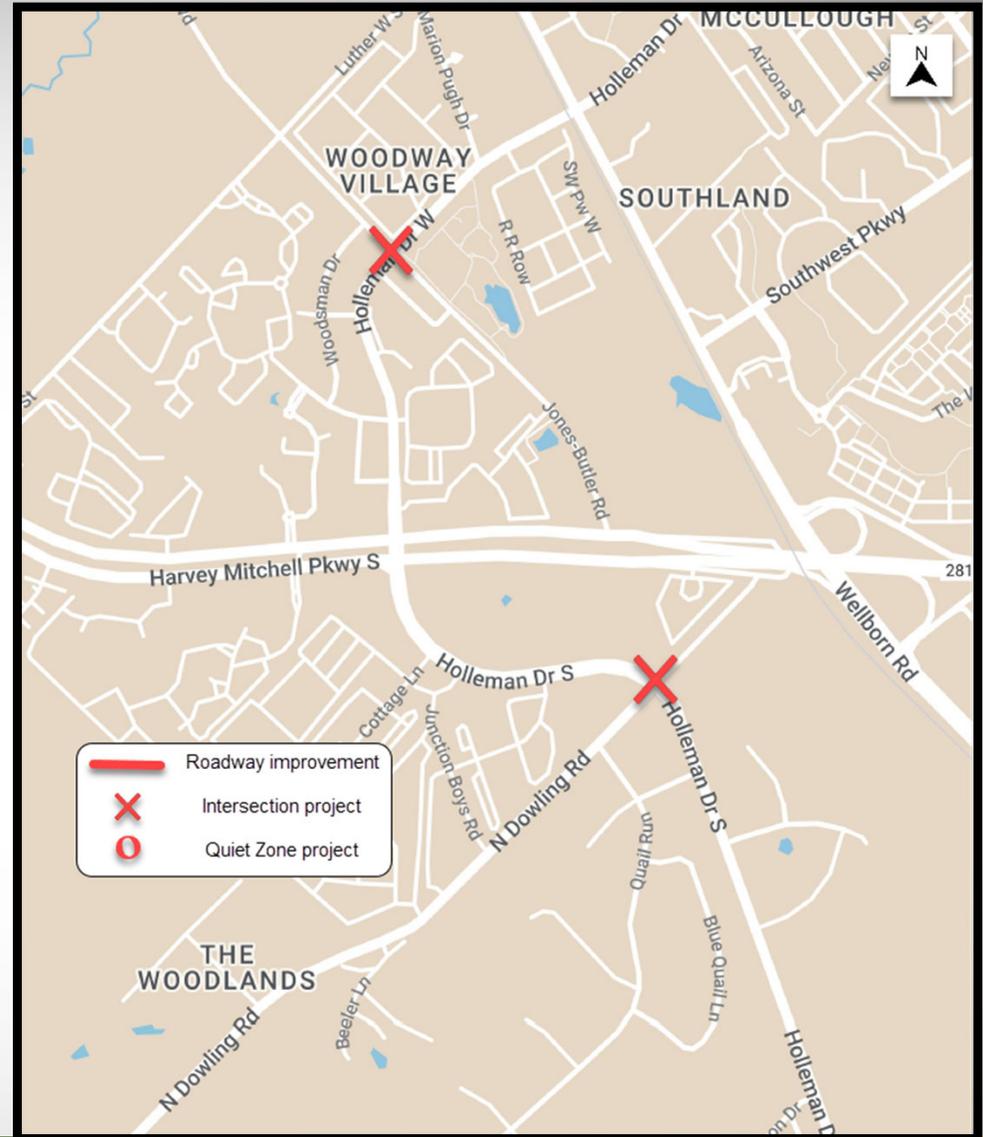

Bush/Wellborn – View from Kyle Field

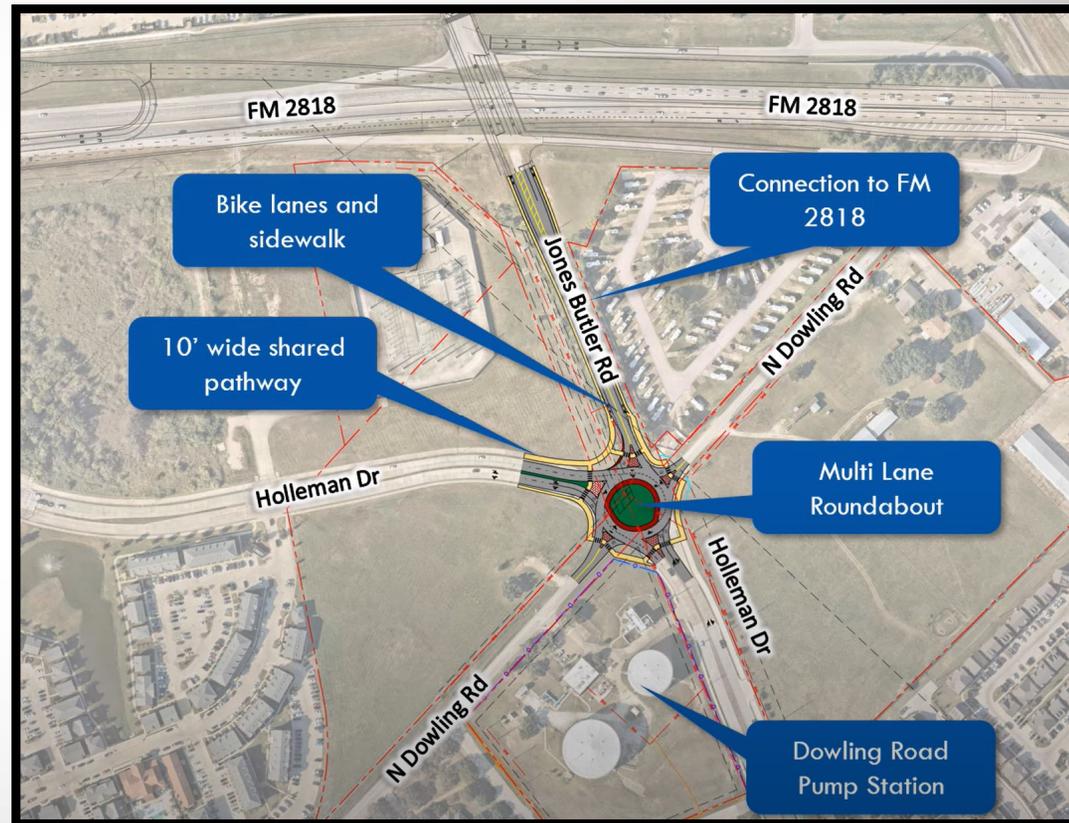

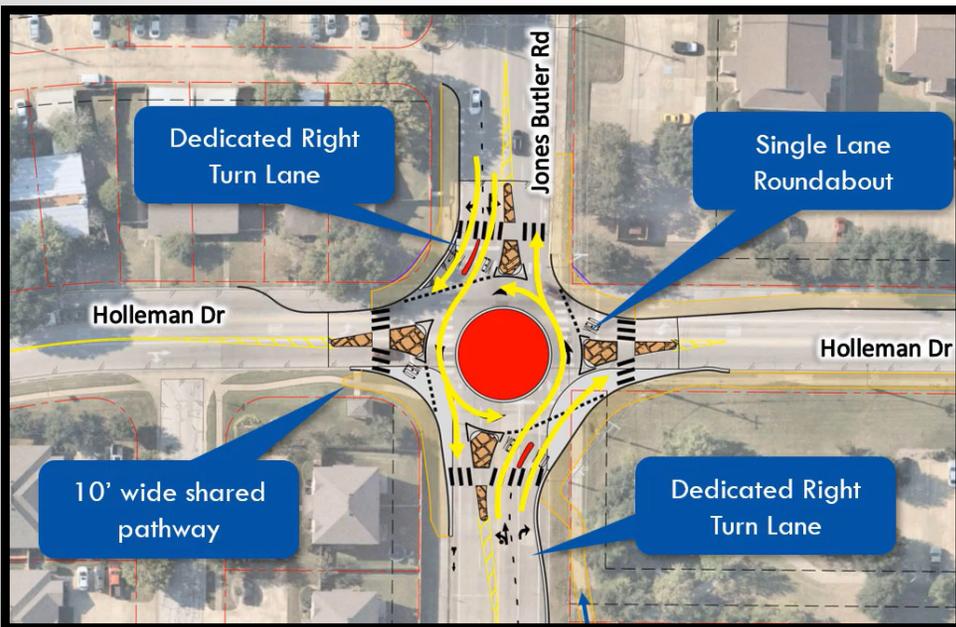

Jones Butler Roundabouts

- Holleman Dr West and Jones Butler
 - Design underway – expect completion in early 2023.
 - Construction planned for Spring/Summer 2023 pending completion of other projects in the area.
- Holleman Dr South and North Dowling Rd
 - Design underway – expect completion in Summer 2023.
 - Construction will follow completion of FM 2818 project lasting approx. 18 months.

2 New Roundabouts on Jones Butler

Other College Station Projects

- Rock Prairie Road west
 - Nearing completion – railroad work pending, will require roadway closure
- Wellborn and Deacon Intersection
 - Anticipate completion 2023 – working on new Old Wellborn/Deacon intersection and southbound Wellborn lanes
- Greens Prairie Widening – near Castlegate/Castlegate II
 - Anticipate completion Summer 2023 – upgrading roadway to 2 lanes in each direction with a center median/left turn lanes
- George Bush Buffer Separated Bike Lanes – Wellborn Rd to Texas Ave
 - Starting design – will add barrier to separate bike lanes
- FM 2154 (Wellborn Road) Widening – south of SH 40
 - Starting design – upgrading roadway to 2 lanes in each direction with a center median/left turn lanes

Other Bryan Projects

- William J. Bryan Improvements – near Sue Haswell Park
 - Construction underway, anticipate completion in 2025.
 - Improvements include: shared use path, sidewalk Coulter Drive signals, HAWK beacons, and roundabouts
